RE: Charter Oak Health Center Statement on Hurricane Relief Efforts

Charter Oak Health Center stands united with the residents of the State of Florida and Puerto Rico. With life-threatening flooding and power outages reported daily, our hearts go out to our many patients, employees, board members, and community partners who have family there. We expect Hartford to have an influx of people who are unable to return home as a result of the catastrophic damage.

We stand strong behind our **WE CARE Standards**:
